## ABOUT ME

Hello! I am a second year student pursuing B.Tech in Artificial Intelligence and Data Science. I have a basic foundation in Data Structures and Algorithms, as well as proficiency in programming languages such as Python, CPP and C. I am passionate about utilizing my skills and knowledge to solve real-world problems through innovative solutions. I am a quick learner with a curious mind, always seeking to expand my horizons and improve my skills.

## EDUCATION

### SSC

Secondary School & Jr. College, Bhilawadi

06/2018 - 03/2019

### HSC

Secondary School & Jr. College, Bhilawadi

06/2019 - 02/2021

### B. Tech in Artificial Intelligence & Data Science

Annasaheb Dange College Of Engineering and Technology, Ashta

06/2021 - Present

## EXPERIENCE

### Python Development Intern

CodeClause

03/2023 - 04/2023 Remote

## PROJECTS

### Library Management System

06/2023 - 08/2023

Designed and implemented a comprehensive Library Management System, streamlining book cataloging, lending, and user management. Leveraged advanced database techniques for efficient data storage and retrieval. Enhanced user experience through intuitive interfaces and real-time availability tracking. Contributed to a seamless solution for optimizing library operations and enhancing user satisfaction.
